BRA/207/Add.1	01/04/09	s/f	Vehicles and equipment / natural gas	Brazil - Vehicles and equipment required for the use and installation of natural gas - Addendum Final text and published as Ministerial Act No. 50, 18 February 2009 (Portaria nº 50, de 18 de Fevereiro de 2009).
BRA/324/Suppl.1	01/04/09	s/f	Productos para la salud	Brasil - Productos para la salud - Acceso a traducciones - Nota de la Secretaría - Suplemento - Ver BRA/324
BRA/325	01/04/09	06/05/09	Almond of the Cashew Chestnut	Brazil - Almond of the Cashew Chestnut The notified regulation opens a 60 days period for public consultation on the draft normative instruction that approves the technical regulations for identification and quality standards of Almond of the Cashew Chestnut.
BRA/326	01/04/09	17/04/09	Drugs	Brazil - Drugs This technical regulation settles Good Manufacturing Practice (GMP) requirements for drugs. They require that domestic or foreign manufacturers have a quality system for the manufacture, packaging, labelling, storage, and distribution of drugs in Brazil. The regulation requires that various specifications and controls be established for drugs; that drugs be manufactured under a quality system. Thus, the regulation helps assure that drugs are safe and effective for their intended use. It also revokes Resolution RDC (Resolução) No. 210, 4 August 2003. It is based on WHO Recommendations on Quality Certifications of Pharmaceutical Products
CAN/113/Add.1	01/04/09	s/f	Motor vehicles	Canada - Motor vehicles - Addendum This amendment serves the purpose of extending the existence of the following four sections: 105 "Hydraulic and Electric Brake Systems" (currently expiring on 1 January 2010); 121 "Air Brake Systems" (currently expiring on 1 January 2010); 131 "School Bus Pedestrian Safety Devices" (currently expiring on 1 January 2010); 135 "Light Vehicle Brake Systems" (currently expiring on 1 January 2010). The expiration date will be 1 June 2013
CAN/214/Add.1	23/04/09	s/f	Corded Window Covering Products	Canada - Corded Window Covering Products The proposed amendments notified in G/TBT/N/CAN/214 (dated 8 October 2007) were adopted 2 April 2009 as the Order Amending Schedule I to the Hazardous Products Act (Corded Window Covering Products) and the Corded Window Covering Products Regulations
CAN/220/Add.1	23/04/09	s/f	Glass doors and enclosures	Canada - Glass doors and enclosures The proposed amendments notified in G/TBT/N/CAN/220 (dated 13 November 2007) were adopted 2 April 2009 as the Order Amending Schedule I to the Hazardous Products Act (Glass Doors and Enclosures) and the Glass Doors and Enclosures Regulations.
CAN/257/Rev.1	24/04/09	25/06/09	Prescription status of medicinal ingredients for human use	Canadá - Sustancias medicamentosas para uso humano, de venta con receta - Revisión Proposed Amendment to the Food and Drug Regulations (Notice of Intent - Project No. 1594 - Schedule F).
CAN/261	08/04/09	26/07/09	Radiocommunications equipment	Canada - Radiocommunications equipment Notice is publishing a new Radio Standards Specification, which sets out standards for the certification of ultra-wideband radio transmitters. RSS-220 is being issued to provide certification requirements for radio equipment as a result of the public consultation, SMSE-002-05.
CAN/262	23/04/09	s/f	Cars and light-duty trucks	Canada - Cars and light-duty trucks Notice is hereby given that the Department of the Environment is initiating the development of regulations under the Canadian Environmental Protection Act, 1999 to limit carbon dioxide (CO2) emissions from new cars and light-duty trucks to take effect beginning with the 2011 model year
CAN/55/Add.2	01/04/09	s/f	Motor vehicles	Canada - Motor vehicles - Addendum This amendment serves the purpose of extending the existence of the following section: 301 "Fuel System Integrity" (currently expiring on 28 February 2009). The expiration date will be 1 June 2013.

CHN/616	29/04/09	28/06/09	Adhesives for facing stone	China - Adhesives for facing stone The technical requirements for products in this standard are compulsory. This standard applies to adhesives used in stone wall and floor affixing, stone complex veneer, stone strengthening and installation. It is not applicable for sealants used in stone joint.
CHN/617	29/04/09	28/06/09	Automobile seats head restraints	China - Automobile seats head restraints This standard specifies the terms and definitions, requirements and test methods for automobile seats head restraints.
CHN/618	29/04/09	28/06/09	Small power motors	China - Small power motors This standard specifies the general safety requirements of small power motors. It is applicable for all small power motors, but does not apply to control motors.
CHN/619	29/04/09	28/06/09	Selective circuit breakers	China - Selective circuit breakers This standard specifies the classifications, characteristics, structural requirements, technical parameters, performance requirements, test, test routine and number of samples to be submitted for certification of selective circuit breakers for overcurrent protection for household and similar installation (SMCB).This standard applies to SMCB with a rated voltage not exceeding 440 V a.c., a rated current not exceeding 125 A and a rated short-circuit capacity not exceeding 50 000 A..
CHN/620	29/04/09	28/06/09	Cap-lights	China - Cap-lights This standard specifies the performances and other safety characteristics of cap-lights, including the performances of miner's lamp with connection point to other equipment, involving the light output, reliability, ergonomics, type test and signs. The cap-lights conforming to this standard can also apply to the mines without firedamp.
CHN/621	29/04/09	28/06/09	Equipment protection	China - Equipment protection This standard specifies the construction and special testing requirements for electrical equipment protected by flameproof enclosure "d", intended for use in explosive gas atmospheres. The requirements include equipment classifications and temperature groups, flameproof joints, light-transmitting parts, incoming devices of flameproof enclosures, inspections, tests and marking, etc.
CHN/622	29/04/09	28/06/09	Equipment protection	China - Equipment protection This standard specifies the requirements of terms, structure, tests and signs, etc. for intrinsically safe equipment and associated equipment connecting with intrinsically safe circuit used in explosive gas environment. The explosive-proof form specified in this standard is applicable to electrical equipment which the circuit itself may not ignite explosive environment around.
CHN/623	29/04/09	28/06/09	Shear valves used in the petrol filling station	China - Shear valves used in the petrol filling station This standard specifies the safety and environmental requirements for construction and performance of safety shear valves to be fitted to oil adding machines installed at petrol filling stations and used to dispense liquid fuels into the tanks of motor vehicles, boats and light aircraft and into portable containers at flow rates of up to 200 L min-1.
CHN/624	29/04/09	28/06/09	Woven wall-to-wall pile carpets (including tile carpets), pile rugs and carpet strip	China - Woven wall-to-wall pile carpets (including tile carpets), pile rugs and carpet strip Chapter 5 of this standard is mandatory, the remainings are recommended. Chapter 5 specifies the normative identification and description for the specification of carpet products, the name and content of the surface pile fiber, mass of pile per unit area of the substrate, thickness or height of the pile, name and address of the manufacturer and other basic information
CHN/625	29/04/09	28/06/09	Non-sparking beryllium copper alloy tools	China - Non-sparking beryllium copper alloy tools This standard specifies the scope of application, basic parameters, classifications, requirements, test methods, inspection rules and product's marks, packaging, transport, storage requirements for the beryllium copper alloy non-sparking tools.

EEC/169/Add.1	29/04/09	s/f	Foodstuffs labelling	European Communities - Foodstuffs labelling - Addendum That amendment was put forward in the context of the recent adoption of implementing rules for Council Regulation (EC) No 479/2008 of 29 April 2008 on the common organisation of the market in wine , providing inter alia for specific labelling rules applicable to the wine sector, which will be applicable as from 1 August 2009. In order to ease the transition from the previous wine sector legislation, those rules also provide for a transitional period for wines placed on the market or labelled before 31 December 2010 to be marketed until stocks are exhausted. In this context, in the interests of sound administration and to avoid unnecessary burdens on the authorities of the Member States as well as economic operators, a single date should be desirable for the mandatory application to the wine sector of Directive 2007/68/EC and of the implementing rules adopted in the framework of Regulation (EC) No 479/2008. Therefore, it was proposed to extend the end of the transitional period foreseen in Directive 2007/68/EC to 31 December 2010 as regards wines covered by Regulation (EC) No 479/2008.
EEC/176/Add.1	15/04/09	s/f	Materials in contact with food	European Communities - Materials in contact with food The European Communities would like to inform the Members of the TBT Committee that Commission Regulation (EC) No 282/2008 on recycled plastic materials and articles intended to come into contact with foods and amending Regulation (EC) No 2023/2006 was adopted on 27 March 2008 and published in the Official Journal of the EU L 86 on 28 March 2008
EEC/177/Add.1	15/04/09	s/f	Pesticides	European Communities - Pesticides Commission Directive 2008/81-75-78-86/EC amending Directive 98/8/EC and to include difenacoum- carbon dioxide- propiconazole - tebuconazole as an active substance in Annex I thereto was adopted on July/September 2008 and Commission Decision 2008/681/EC concerning the non-inclusion of certain substances in Annexes I, IA or IB to Directive 98/8/EC concerning the placing of biocidal products on the market was adopted on July 2008
EEC/180/Add.1	15/04/09	s/f	Magnetic toys	European Communities - Magnetic toys Commission Decision requiring Member States to ensure that magnetic toys placed or made available on the market display a warning about the health and safety risks they pose was adopted on 21 April 2008
EEC/182/Add.1	01/04/09	s/f	3400 - 3800 MHz band	European Communities - 3400 - 3800 MHz band - Addendum The European Communities would like to inform the Members of the TBT Committee that the Commission Decision on the harmonisation of the 3400-3800 MHz frequency band for terrestrial systems capable of providing electronic communications services in the Community was adopted on 21 May 2008 and published in the Official Journal of the EU L 144 on 4 June 2008.
EEC/236/Add.1	15/04/09	s/f	Pesticides	European Communities - Pesticides Commission Regulation (EC) No 107/09 implementing Directive 2005/32/EC with regard to ecodesign requirements for simple set-top boxes was adopted on 4 February 2009
EEC/252/Add.1	15/04/09	18/05/09	Wines	European Communities - Chemical substances Under Item 10, the final date for comments is extended to 18 May 2009.

				20 March 2009.
EEC/262	01/04/09	01/06/09	Textile products, articles of apparel and clothing accessories	European Communities - Textile products, articles of apparel and clothing accessories On the basis of recent findings by the technical working group on textile names and labelling, it is necessary, for the purposes of adapting Directive 2008/121/EC to technical progress, to add a new fibre name to the list of fibres set out in the Annexes I and V to that Directive
EEC/263	01/04/09	01/06/09	Textile products, articles of apparel and clothing accessories	European Communities - Textile products, articles of apparel and clothing accessories On the basis of recent findings by the technical working group on textile names and labelling, a new fibre was added to the list of fibres in Directive 2008/121/EC, making it necessary to define uniform test methods and adapt Directive 96/73/EC.
EEC/264	01/04/09	01/06/09	Wine	European Communities - Wine This draft Commission Regulation concerns the implementation of Chapters IV, V and VI of Title III of Regulation (EC) No 479/2008 laying down the general rules for protecting the designations of origin and geographical indications, the use of protected traditional terms and the labelling and presentation of certain wine sector products. As far as designations of origin and geographical indications are concerned, the draft Regulation establishes detailed procedural rules on examination, objection, cancellation, modification and conversion and details the rules on protection. As regards traditional terms, it establishes procedural rules on recognition, objection and cancellation and details the scope of protection. Finally, concerning labelling and presentation of wine products, it details the rules on the use of compulsory and optional particulars, in particular the vintage year and the vine grape varieties used in the wine production.
EEC/265	03/04/09	03/06/09	Electric motors	European Communities - Electric motors This draft Commission Regulation sets minimum energy performance requirements for electric motors. As cost-effective potential exists to limit the energy consumption of motors in both full and variable speed and load operations, the draft regulation sets requirements on the energy performance of these products, including a mandatory requirement to equip IE2 motors with variable speed drives. In accordance with the framework Directive 2005/32/EC, products not meeting these requirements will not be allowed to be placed on, or put into service, in the EU Internal Market
EEC/266	08/04/09	08/06/09	Food	European Communities - Food This draft Commission Regulation concerns the authorisation of health claims made on food and referring to the reduction of disease risk and to children's development and health in accordance with Article 17(3) of Regulation (EC) No 1924/2006 of the European Parliament and of the Council of 20 December 2006 on nutrition and health claims made on foods.

Proposition de règlement du Conseil modifiant le règlement (CE) n° 1234/2007 portant organisation commune des marchés dans le secteur agricole, en ce qui concerne les normes de commercialisation pour la viande de volaille
EEC/268	29/04/09	28/06/09	Circulators	European Communities - Circulators This draft Commission Regulation sets minimum energy performance requirements for circulators, as there is a cost-effective potential to limit their energy consumption. In accordance with Directive 2005/32/EC, products not meeting these minimum requirements will not be allowed to be placed on the EU market in the future. The draft Regulation is based on the findings of a technical, environmental and economic study which has been carried out with stakeholders from around the world. This draft Commission Regulation will repeal Directive 96/57/EC of the European Parliament and of the Council of

GBR/20	16/04/09	17/09/09	Precious metal articles	United Kingdom - Precious metal articles containing platinum, gold, palladium and silver The order adds palladium to the list of precious metals that may be affixed with the Hallmarking Convention's Common Control Mark. It specifies the permitted finenesses for palladium articles and illustrates the design of the shield for the palladium Common Control Mark. The order also updates the permitted fineness levels for the other precious metals gold, silver and platinum since the 2002 order was issued. As an aid to facilitate quick and easy identification by inspectors in the market place, the order includes those assay office marks, which have been drawn to our attention, that have changed or are of Contracting States that have joined the Convention since 2002 that are authorised to affix the Common Control Mark. The omission of an authorised assay office mark from the order does not prevent articles bearing that mark from being marketed in the UK
GBR/21	28/04/09	23/07/09	Measuring instruments	United Kingdom - Measuring instruments Amend the requirements of the Measuring Equipment (Intoxicating liquor) Regulations 1983 to permit the use of statistical sampling as an alternative to the checking of each individual instrument to confirm conformity with the regulations

USA/154/Add.2	16/04/09	s/f	Consumer products, commercial and industrial equipment	United States - Consumer products, commercial and industrial equipment The Department of Energy (DOE) is announcing that it is amending energy conservation standards pertaining to the cooking efficiency of residential gas kitchen ranges and ovens, because it has determined that such standards would be technologically feasible and economically justified and would result in significant conservation of energy. Compliance with the standards set by this Rule is required on 9 April 2012.
USA/281/Add.4		s/f	Beef, lamb, pork, perishable agricultural commodities, and peanuts	United States - Beef, lamb, pork, perishable agricultural commodities, and peanuts Mandatory Country of Origin Labeling of Muscle Cuts of Beef (Including Veal), Lamb, Chicken, Goat, and Pork; Ground Beef, Ground Lamb, Ground Chicken, Ground Goat, and Ground Pork
USA/284/Add.5	08/04/09	18/05/09	Aerosol spray coatings	United States - Aerosol spray coatings - Addendum This proposed action amends Table 2A of the aerosol coatings reactivity rule by adding compounds and associated reactivity factors based on petitions we received; and by clarifying which volatile organic compounds are to be quantified in compliance determinations. Additionally, we are proposing certain changes related to the notice required for a company to certify that it will assume the responsibility for compliance with record keeping and reporting requirements for a regulated entity, and taking comment on whether to change who is liable following such certification. This action also proposes minor revisions and corrections to the aerosol coatings reactivity rule
USA/392/Add.1	03/04/09	s/f	Passenger cars, light trucks	United States - Passenger cars, light trucks - Addendum Sets fuel economy standards for Model Year (MY) 2011 cars and light trucks; these standards will raise the industry-wide combined average to 27.3 mpg. Petitions for reconsideration must be received by 14 May 2009.
USA/409/Add.1	03/04/09	27/04/09	Battery chargers, power supplies	United States - Battery chargers, power supplies - Addendum The Department of Energy (DOE) is amending its test procedures for battery chargers (BCs) and external power supplies (EPSs) to include provisions for measuring standby mode and off mode energy consumption, as directed by the Energy Independence and Security Act of 2007 (EISA 2007). Furthermore, DOE is adding to its single-voltage external power supply test procedure specifications for testing switch-selectable external power supplies. Finally, DOE is extending the current certification reporting requirements to the Class A external power supplies for which Congress established energy efficiency standards in EISA 2007.
USA/463	16/04/09	08/06/09	Grapefruit	United States - Grapefruit Relaxes the minimum size requirement for white seedless grapefruit imported into the United States for the fresh market.
