G/TBT/N/ARM/67	Armenia - Sistemas eléctricos y estructuras conexas El proyecto de reglamento técnico notificado establece las prescripciones para los sistemas eléctricos (subcentrales, equipos de distribución, portadores de corriente, líneas de transmisión y sus estructuras conexas, independientemente del tipo de propiedad y de la filial departamental) de tensión superior o igual a 1.000 V, ya estén en etapa de planificación o bien contruidos y en funcionamiento.	01/08/08
G/TBT/N/ARM/68	Armenia - Calderas; normas para la seguridad de su empleo El proyecto de reglamento técnico notificado establece las prescripciones para las calderas de vapor de alta presión, de potencia térmica superior o igual a 100 kW y presión máxima inferior o igual a 0,07 MPa, alimentadas con gas natural o combustible líquido ligero, y las calderas de agua caliente de potencia térmica de 388 grados Kelvin (115°C).	01/08/08
G/TBT/N/ARM/69	Armenia - Forage, materials coming in contact with forage, forage additives This Law regulates the relations related to importation, exportation, production safety, preservation, storage, transportation, use, marking, packaging and realization of forage, materials coming in contact with forage and forage additives.	29/08/08
G/TBT/N/BHR/59	Reino de Bahrein - Agua potable embotellada Norma del Golfo GSO Se establece que el producto se fraccionará en envases higiénicos, adecuados, limpios y herméticamente cerrados que eviten la contaminación del contenido, y conserven las propiedades físicas y químicas del agua. Asimismo se estipulan las siguientes prescripciones de etiquetado: nombre del producto (agua potable embotellada), contenido de diversos aniones y cationes, pH, volumen neto expresado en el sistema métrico decimal, etc	01/08/08
G/TBT/N/BHR/60	Reino de Bahrein - Cigarrillos Norma del Golfo GSO Se establecen las prescripciones relativas al tabaco empleado en la manufactura de cigarrillos, a los cigarrillos y al humo de los cigarrillos, así como las relativas al empaquetado y al etiquetado.	01/08/08
G/TBT/N/BHR/61	Reino de Bahrein - Tabaco afrutado moassel Norma del Golfo GSO Se establecen las prescripciones relativas al producto, así como las de empaquetado, etiquetado, transporte y almacenamiento.	01/08/08
G/TBT/N/BHR/62	Reino de Bahrein - Tabaco moassel El proyecto de reglamento técnico notificado especifica las prescripciones que figuran en la norma del Golfo GSO "Tabaco moassel", relativas al producto, a su empaquetado, etiquetado, transporte y almacenamiento.	01/08/08
G/TBT/N/BHR/63	Bahrain - Loose Dates Gulf standard GSO It specifies that dates shall be packed in suitable, dry and clean food grade containers that would prevent contamination of the product and preserve its natural properties. It also describes label requirements such as: name of the product, production and expiry dates and country of origin.	07/08/08
G/TBT/N/BHR/64	Reino de Bahrein - Despojos comestibles de oveja, cabra, bovino, camello y búfalo (refrigerados y congelados) Norma del Golfo GSO Se establece que el producto se fraccionará en recipientes y envases de materiales limpios e higiénicos, que eviten la contaminación del contenido. Asimismo, se enumeran las prescripciones de etiquetado: marca, fuente de los despojos, fechas de caducidad, fecha del sacrificio o fecha de la elaboración del producto, país de origen, etc.	07/08/08
G/TBT/N/BHR/65	Reino de Bahrein - Productos acuosos de coco: leche de coco y crema de coco Norma del Golfo GSO Se establece que los productos se fraccionarán en envases seguros, higiénicos y adecuados que conserven las propiedades naturales del contenido. Asimismo, se incluyen las disposiciones relativas al nombre del producto, tipo de tratamiento térmico, etc.	07/08/08
G/TBT/N/BHR/66	Bahrein - Caseínas y caseinatos comestibles Norma del Golfo GSO Se establece que los productos se fraccionarán en envases higiénicos, cerrados herméticamente, a fin de protegerlos del deterioro y de la contaminación, y conservar sus propiedades naturales. Asimismo, se incluyen las disposiciones de etiquetado relativas al nombre del producto, composición, etc	07/08/08
G/TBT/N/BHR/67	Bahrein - Aceites vegetales comestibles Norma del Golfo GSO Se establece que los productos se fraccionarán en envases limpios, secos, adecuados e higiénicos, que protejan el producto del deterioro y de la contaminación, y conserven sus propiedades naturales. Asimismo, se incluyen las disposiciones de etiquetado relativas al nombre del producto, fecha de caducidad, lista de aditivos, etc.	07/08/08

G/TBT/N/BHR/68	<p>Bahrain - Dried Meat</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Dried Meat " under clauses 7 and 8 (packaging and labeling) as mandatory requirements. It specifies that packages used in the packaging shall be clean, hygienic, vacuumed, impermeable to water and made from suitable material which protect the product from contamination during storage, transportation and handling. It also describes label requirements such as : name of the product “Dried Meat”, type of meat used in processing, expiration date etc.</p>	29/08/08
G/TBT/N/BHR/69	<p>Bahrain - Prepared Meats: Dry and semi-dry fermented sausage</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Prepared Meats: Dry and semi-dry fermented sausage" under clauses 8 and 9 (packaging and labeling) as mandatory requirements. It specifies that containers used in packaging shall be clean, hygienic, sealed and made from suitable material. It also describes label requirements such as: type of meat used, sausage type (fermented dry or semi-dry), binders and fillers added, storage conditions etc.</p>	29/08/08
G/TBT/N/BHR/70	<p>Bahrain - Soybeans</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Soybeans" under clauses 9 and 12 (packaging and labeling) as mandatory requirements. It specifies that containers used shall be suitable and protect the product from contamination. It also describes label requirements such as: name and colour of the product, grade, date of harvest (year), expiry date (day – month – year), country of origin etc.</p>	29/08/08
G/TBT/N/BHR/71	<p>Bahrain - Salted Fish</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Salted Fish" under clauses 7 and 8 (packaging and labeling) as mandatory requirements. It specifies that containers and packaging material used in packing shall be clean, hygienic and made from suitable materials that would prevent contamination of the product. It also describes label requirements such as : the word “Slated Fish”, type of fish and method used for the salting process etc.</p>	29/08/08
G/TBT/N/BHR/72	<p>Bahrain - Energy drinks</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Recommendation of handling Energy drinks" under clause 6 (labeling) as mandatory requirements. It describes label requirements such as: health warning, health registration number, full information on product content etc.</p>	29/08/08
G/TBT/N/BHR/73	<p>Bahrain - Guava</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Guava" under clauses 6 and 9 (packaging and labeling) as mandatory requirements. It also describes label requirements such as : name of the product, classification class, net weight, country of origin etc.</p>	29/08/08
G/TBT/N/BHR/74	<p>Bahrain - Canned Chestnuts</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Canned Chestnut" under clauses 9 and 11 (packaging and labeling) as mandatory requirements. It specifies that product shall be packed in suitable coated-tin cans which will protect the product from contamination and undesirable odours or tastes. Sealed or heat treated glass containers can be used. It also describes label requirements such as : name of the product shall be “chestnuts” or “chestnut puree”, packing medium, ingredients and food additives, production and expiration dates etc.</p>	29/08/08
G/TBT/N/BHR/75	<p>Bahrain - Whole Maize (Corn) Meal</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Whole Maize (Corn) Meal" under clauses 7 and 8 (packaging and labeling) as mandatory requirements. It specifies that product shall be packed in suitable and clean containers which will protect the nutritional qualities of the product and prevent contamination and any undesirable odors, clour or taste. If sacks are used for packaging, it must be clean, strongly sawn or sealed. It also describes label requirements such as: name of the product, production and expiration dates, country of origin etc.</p>	29/08/08
G/TBT/N/BHR/76	<p>Bahrain - Hellfish - Chilled and frozen sea crab</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Shellfish – Part 2: Chilled and frozen sea crab" under clauses 8 and 9 (packaging and labeling) as mandatory requirements. It specifies that packages used shall be made from suitable materials impermeable to moisture and clean. It also describes label requirements such as : species or type of product, net weight in the case of frozen and glazed product, date of production and shelf-life etc.</p>	29/08/08
G/TBT/N/BHR/77	<p>Bahrain - Animal Feedingstuffs - Barley</p> <p>This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Animal Feedingstuffs - Barley" under clauses 5 and 6 (packaging and labeling) as mandatory requirements. It specifies that product shall be packed in new, clean, suitable and low moisture</p>	29/08/08

G/TBT/N/*	Miembro/Producto	SDD
	transmitting containers that are capable of protecting the product from insects and contamination. It also describes label requirements such as: name of the product and trade mark, class, grade, production date or packaging date, country of origin etc.	
G/TBT/N/BHR/78	Bahrain - Animal feedingstuffs - Feeds for Dairy Cattle This draft technical regulation specifies the requirements stated in the Gulf standard GSO "Animal feedingstuffs – Feeds for Dairy Cattle" under clauses 9 and 10 (packaging and labelling) as mandatory requirements. It specifies that packages used shall be clean, sealed, not permissible for light and shall protect the feed from contamination and moisture. It also describes label requirements such as: name of the product, name of the manufacturer, production and expiration dates, batch number, country of origin etc.	29/08/08

G/TBT/N/CAN/89/Add.1	Canada - Lighters – Addendum On 13 March 2004, Health Canada pre-published, in Part I of the <i>Canada Gazette</i> , the proposed amendments to the <i>Hazardous Products Act</i> and the <i>Lighters Regulations</i> addressing the inclusion of utility lighters in the definitions of the Regulations and the proposed amendment addressing the issue identified by the Standing Joint Committee for the Scrutiny of Regulations. The proposed amendments to the <i>Hazardous Products Act</i> and the <i>Lighters Regulations</i> were notified under G/TBT/N/CAN/89. On 11 August 2007, Health Canada again pre-published the proposed amendments in Part I of the <i>Canada Gazette</i> with minor changes reflecting the comments received as a result of the 13 March 2004 pre-publication. The proposed amendments were notified under G/TBT/N/CAN/209. The proposed amendments notified in G/TBT/N/CAN/209 were adopted 28 July 2008 as the <i>Order Amending Part II of Schedule I to the Hazardous Products Act (Lighters)</i> and the <i>Lighters Regulations</i> . As such, Members are requested to consult G/TBT/N/CAN/209/Add.1.	28/08/08

G/TBT/N/CHN/429	China - Motorcycles and mopeds	28/08/08

G/TBT/N/*	Miembro/Producto	SDD
	This standard specifies the symbols for controls, indicators and telltales and the colors of optical telltails for motorcycles and mopeds.	
G/TBT/N/CHN/430	China - Mopeds This standard specifies the limits and measurement methods of fuel consumption for mopeds.	28/08/08
G/TBT/N/CHN/431	China - Motorcycles This standard specifies the limits and measurement methods of fuel consumption for motorcycles.	28/08/08
G/TBT/N/CHN/432	China - Jewellery This standard specifies the range of fineness, hallmark, determination method and limits of harmful elements of precious metal alloys used in jewellery, designation of precious metal jewellery. It applies to the jewellery industry and the jewellery produced and sold in domestic market.	28/08/08
G/TBT/N/CHN/433	China - Edison screw lampholders specially used for explosion-proof luminaries This standard covers Edison screw lampholders specially used for increased safety type and non-sparking type explosion-proof luminaires in explosive atmosphere. It specifies the type, fundamental parameter, size, structure, material, test and marking of the lampholders.	28/08/08
G/TBT/N/CHN/434	China - Portable induction cooker This standard specifies the safety requirements for household and similar purposes portable induction cookers. It applies to household and similar purposes portable induction cookers with rated voltage not more than 250V.	28/08/08
G/TBT/N/CHN/435	China - Disinfecting Tableware Cabinets This standard specifies the safety and sanitation of disinfecting tableware cabinets. It applies to household and similar purpose disinfecting tableware cabinets using electric energy as the main energy source, with rated voltage not more than 250V for single-phase appliances and 480V for other appliances.	28/08/08
G/TBT/N/CHN/436	China - High-voltage alternating current switch-fuse combinations This standard applies to three-pole units for public and industrial distribution systems which are functional assemblies of switches including switch-disconnectors and current-limiting fuses designed to be provided with: breaking capability: at the recovery voltage, breaking any current up to and including the rated short-circuit breaking current; making capability: at the rate voltage, making circuits to which the rated short-circuit breaking current applies. It does not apply to fuse-circuit-breakers, fuse-contactors combinations for motor-circuits or combinations incorporating single capacitor bank switches. This standard applies to combinations designed with nominal voltages above 3 kV up to and including 35 Kv, service frequencies up to and including 50Hz used in three-phase alternating current systems for indoor or outdoor installations.	28/08/08
G/TBT/N/CHN/437	China - Transportable motor operated single spindle vertical moulders This safety standard applies to transportable single spindle vertical moulders for wood and similar materials cutting. The main contents include the requirements for markings and instructions, protection against electric shock, electrical connection, moisture resistance, mechanical hazards, components etc.	28/08/08
G/TBT/N/CHN/438	China - Transportable motor operated planers and thicknessers This safety standard applies to transportable planers and thicknessers for wood and similar materials cutting. The main content include the requirements for markings and instructions, protection against electric shock, electrical connection, moisture resistance, mechanical hazards, components etc.	28/08/08
G/TBT/N/CHN/439	China - Hand held motor-operated electric tile saws This safety standard applies to hand held motor-operated electric tile saws for tile, ceramic and etc. The main contents include the requirements for markings and instructions, protection against electric shock, electrical connection, moisture resistance, mechanical hazards, components etc.	28/08/08
G/TBT/N/CHN/440	China - Large steam sterilizers 1. This standard specifies terms, definitions, types, basic parameters, requirements and test methods for automatic type large steam sterilizers. 2. This standard applies to large steam sterilizers with capacity larger than or equals to 60L and loaded one or more sterilizing units. The sterilizers are mainly used to sterilization for health care products and their accessories. 3. The contents of this standard are all compulsory. 4. This standard doesn't apply to manual large steam sterilizers.	29/08/08
G/TBT/N/CHN/441	China - Conventional moisture regains of textiles	29/08/08

G/TBT/N/*	Miembro/Producto	SDD
	This standard specifies the conventional moisture regain of main textiles. It applies to textile material, and can be used for calculating the conventional mass of textiles, linear density of yarn, mass per unit area of fabric and fiber content in the blended products for quantitative analysis.	
G/TBT/N/CHN/442	China - Retail commodity This standard specifies the retail commodity numbering and bar code marking, bar code technical requirements, and quality estimate rules for bar code. This standard applies to retail commodity bar code marking.	29/08/08
G/TBT/N/COL/106/Add.1	Colombia - Utensilios de vidrio y vitrocerámica en contacto con alimentos, utensilios de cerámica[...]erámica y porcelana - Addendum	01/08/08
G/TBT/N/COL/115	Colombia - Pilas Zinc-carbón y Alcalinas	12/08/08
G/TBT/N/COL/66/Add.6	Colombia - Dispositivos médicos y equipos biomédicos - Addendum	07/08/08
G/TBT/N/CRI/75/Add.1	Costa Rica - Etiqueta en los textiles - Addendum	07/08/08
G/TBT/N/CRI/80	Costa Rica - Helados y las mezclas para helados	01/08/08
G/TBT/N/CRI/81	Costa Rica - Crema láctea (nata) y crema láctea ácida y fermentada (natilla)	01/08/08
G/TBT/N/CRI/82	Costa Rica - Yogurt para consumo directo	12/08/08
G/TBT/N/ECU/12/Add.1	Ecuador - Productos cerámicos - Addendum	29/08/08

G/TBT/N/KOR/171/Add.1	República de Corea - Ganado bovino y carne de bovino - Addendum El Gobierno de Corea está elaborando el Decreto Presidencial y el Reglamento Ministerial de Aplicación de la Ley relativa a la rastreabilidad del ganado bovino y su carne, promulgada por la Asamblea Nacional el 21 de diciembre de 2007. La Ley entrará en vigor transcurrido un año desde la fecha de su promulgación. El MIFAFF notifica a los países Miembros el nuevo proyecto a fin de solicitar la presentación de observaciones al respecto. Los puntos principales del proyecto son los siguientes: Decreto Presidencial de Aplicación 1. Determinación de los datos que los envasadores de carne incluirán en la presentación por vía electrónica del informe obligatorio sobre el envasado de la carne de bovino. 2. Disposiciones relativas a la exención del cumplimiento de la prescripción obligatoria del empleo de la chapa en la oreja de las reses, delegación y comisión de las competencias del Ministro de Productos Alimenticios, Agricultura, Silvicultura y Pesca, alcance de la ayuda financiera para afrontar los costos de establecimiento del organismo comisionado, y procedimiento de imposición y recaudación de multas. Reglamento Ministerial de Aplicación 1. Disposiciones relativas a los métodos, procedimientos y fecha límite para la presentación por parte del ganadero de informaciones como declaración de nacimiento, etc. 2. Disposiciones relativas al plazo y los métodos para aplicar las chapas de las orejas, a la gestión del libro de identificación de los animales, presentación de la información de identificación, etc. 3. Disposiciones relativas a la manera en que los mataderos, los elaboradores de la carne y los minoristas deben presentar la etiqueta del	01/08/08

	número de identificación. 4. Disposiciones relativas a la formación de un Comité de Rastreabilidad	
G/TBT/N/KOR/181	República de Corea - Carne de bovino, de porcino y de pollo, arroz, kimchi 1. La República de Corea aplica con carácter obligatorio el etiquetado de país de origen en los restaurantes cuya zona de servicio supere los 100 m2 para los productos cárnicos (carne de bovino, de porcino o de pollo), el arroz y el kimchi, con arreglo a la Ley de Higiene Alimentaria. 2. Se ha sumado el Ministerio de Productos Alimenticios, Agricultura, Silvicultura y Pesca (MIFAFF) a las autoridades competentes, y el campo de aplicación del etiquetado se amplió a todos los restaurantes independientemente de la superficie de la zona de servicio, en virtud de la nueva regulación pertinente de la Ley de gestión de la calidad de los productos agrícolas 2.1 Instalaciones abarcadas 2.1.1 bovino, porcino, pollo: casas de comida, bares de tapas, cafeterías en concesión y puntos de venta de raciones registrados con arreglo a la Ley de Higiene Alimentaria 2.1.2 arroz, kimchi: casas de comida, bares de tapas y cafeterías en concesión, de superficie superior a 100 m2 2.2 Artículos abarcados y fecha de entrada en vigor 2.2.1 productos abarcados: carne de bovino y de porcino, arroz, carne de pollo y kimchi 2.2.2 fecha de entrada en vigor: - carne de bovino, arroz: 8 de julio de 2008 - carne de porcino y de pollo, kimchi: 22 de diciembre de 2008	07/08/08
G/TBT/N/KOR/182	República de Corea - Productos alimenticios La KFDA propone las siguientes revisiones de las Normas de etiquetado de los productos alimenticios, a fin de flexibilizar las restricciones relativas a ese etiquetado y de suministrar información complementaria a los consumidores: - se suprime el reglamento relativo al cuerpo de las letras de inscripciones en idiomas extranjeros cuando se empleen junto con los caracteres coreanos; - se aumenta el tamaño de la "porción individual", por lo que se permite que las empresas establezcan discrecionalmente el tamaño de la "porción individual" de acuerdo con las cualidades específicas de sus productos; - se establece también para los productos alimenticios convencionales el etiquetado nutricional de vitaminas y minerales, que se aplicaba solamente a los productos destinados a regímenes especiales; - se autoriza que en el etiquetado de los preparados para lactantes se incluyan solamente los nombres de los elementos nutricionales y sus contenidos, en lugar de los porcentajes de los valores de referencia de esos elementos; - se suprimen las ilustraciones normalizadas del ginseng y del ginseng rojo.	12/08/08
