This EMS criteria defines immunity requirements of lifts, escalators and moving walks are the same as EN 12016 and acceptance of Notice of Ministry of Food and Drug Safety. Electromagnetic susceptibility criteria is to specify technical specifications of lifts, escalators and moving walks, electronics medical equipment and protect the electromagnetic environment.
KOR/523	04/09/2014	03/11/2014	Lifts, escalators and moving walks, electronics medical equipment	Republic of Korea - Lifts, escalators and moving walks, electronics medical equipment (in Korean) Draft amendment of Technical criterion for Electromagnetic Interference These criteria are to specify technical specifications for electromagnetic interference (EMI) of lifts, escalators and moving walks, electronics medical equipment. This EMI criteria defines emission limits of lifts, escalators and moving walks are the same as EN 12015 and acceptance of Notice of Ministry of Food and Drug Safety. Electromagnetic interference criterion is to specify technical specifications of lifts, escalators and moving walks, electronics medical equipment and to protect the electromagnetic environment.
KOR/524	16/09/2014	15/11/2014	Passenger cars and Light-duty commercial car	Republic of Korea - Passenger cars and Light-duty commercial car (in Korean) Proposed amendments to the standards for the efficiency of average energy consumption of automobiles, standards for allowable emission of greenhouse gases from automobiles and the application and management thereof (MOE Public Notice No. 2014-536) The Ministry of Environment of the Republic of Korea is publicly announcing amendments to the automobile standards of the efficiency of average energy consumption and allowable emission of greenhouse gases, which will take effect as of 2016 as part of Korea's national road map for mitigation of GHG. The standards will be applied to passenger automobiles, automobiles for passengers and freight for up to 15 passengers and automobiles for freight below GVW 3.5ton. The standards will be phased in from 2016 to 2020 and applied in a flexible manner according to the average curb weight of an auto manufacturer.
KOR/525	17/09/2014	16/11/2014	Cosmetics	Republic of Korea - Cosmetics (in Korean) Proposed amendments to the "Cosmetics Good Manufacturing Practice and Quality Management Standards" (MFDS No 2014-281) <ul style="list-style-type: none"> - Improve the operation and evaluation method of the Good Manufacturing Practice of cosmetics. - Establish the legal basis to also allow companies that partially manufacture cosmetic goods to apply for assessment for Good Manufacture Practice. - Change the evaluation method of cosmetic GMP from that of a "product-base" to a "manufacturer-base" method.
