KOR/325	01/09/11	31/10/11	Children's favourite food	Republic of Korea - Children's favourite food (in Korean) Proposed Amendment of the Standards for Quality Certificated Children Favourite Food: Revision of nutrition standard - In Children's Favourite food that are safe and contains appropriate level of nutrient, 'Good quality certification' can be acquired voluntarily as long as the product meets certain standards. The notification seeks to amend these standards the products must meet to acquire certifications. - Current nutrition standard stipulates that children favourite food (good quality certification product) must meet at least one nutritional requirement for either protein or fibre. Also the same rule applies to nutrients, vitamin and mineral. Thus children favourite food must satisfy at least two nutritional requirements in total. - The proposed amendment is to delete such grouping of nutrients by considering specific nature of food types and reflecting on their production trend. Under the amendment, food must satisfy at least two nutritional requirements out of all four nutrients; protein, fibre, vitamin and mineral.
