This draft revision adopts the European Standards EN 12975-1: 2006 + A1: October 2010 and EN 12975-2: March 2006. The new standards are significantly different from the old standards as this revision includes both a division of the old standard and an adoption of 2 different European Standards. The major difference between the old version and this new revised draft standard is that it adds to the standard's scope new
