KOR/306/Rev.1	01/10/12	30/11/12	Pneumatic tyres	<p>Republic of Korea - Pneumatic tyres – Revision (in Korean) Proposed amendment of safety criteria for Automobile tyres subject to the self-regulatory safety confirmation. KATS Public Notice No. 2012-0360 This amendment is to revise the Korean safety criteria for automobile tyres which is subject to the self-regulatory safety confirmation in order to delete the requirement for monitoring tyre pressure after the tyre endurance test or the high speed endurance test. * Regarding consumer products subject to the safety self-assurance, manufacturers or importers are required to get different certificates to each product model from testing labs designated by KATS as evidence of conformity to applicable safety standards, and to report it to a safety certification body prior to delivery of goods to the market or clearance through the customs.</p>
KOR/398	01/10/12	30/11/12	Multimedia equipment and household wireless charging equipment	<p>Republic of Korea - Electromagnetic interference (in Korean) Draft amendment of Technical criterion for Electromagnetic interference These criteria are to specify technical specifications for electromagnetic interference of multimedia, household wireless charging equipment. Multimedia equipment is appeared by convergence of broadcasting, communication, information technology. Electromagnetic interference criteria of multimedia equipment were prepared in order to protect the electromagnetic environment. Household wireless charging equipment are used in mobile phone systems recently. But technical criteria of household wireless charging equipment is not clearly defined. Electromagnetic interference criterion is to specify technical specifications of household wireless charging equipment and protect the electromagnetic environment.</p>
KOR/399	01/10/12	30/11/12	Multimedia Equipment	<p>Republic of Korea - Electromagnetic Susceptibility (in Korean) Draft amendment of Technical criterion for Electromagnetic Susceptibility These criteria are to specify technical specifications for electromagnetic susceptibility of multimedia equipment. Multimedia equipment is appeared by convergence of broadcasting, communication, information technology. Electromagnetic susceptibility criteria were prepared in order to protect multimedia equipment in an electromagnetic environment.</p>
KOR/400	01/10/12	30/11/12	PHMG and PGH	<p>Republic of Korea - PHMG (Polyhexamethylene guanidine) and PGH (Oligo(2-(2-ethoxy)ethoxyethyl guanidinium chloride) (in Korean) Proposed amendment of safety criteria for a consumer product subject to the self-regulatory safety confirmation. KATS Public Notice No. 2012-0359 This amendment is to limit the use of PHMG(Polyhexamethylene Guanidine) and PGH(Oligo(2-(2-ethoxy)ethoxyethyl guanidinium chloride) as the main substances in air fresheners and deodorants and also in other household chemical products such as cleaners, glues, polish, synthetic detergents, bleach and fabric conditioners whose consumers may inhale the smell of them. * Regarding consumer products subject to the safety self-assurance, manufacturers or importers are required to get different certificates to each product model from testing labs designated by us as an evidence of conformity to applicable safety standards, and to report it to a safety certification body prior to delivery of goods to the market or clearance through the customs.</p>
KOR/401	01/10/12	30/11/12	Consumer products subject to child-resistant packaging	<p>Republic of Korea - Consumer products subject to child-resistant packaging (in Korean) Proposed amendment of safety criteria for consumer products subject to child-resistant packaging KATS Public Notice No. 2012-0353 This amendment is to apply the standards harmonized with those set out in 16 CFR 1700 to existing safety requirements and testing procedures, and to delete the requirement asking for manufacturers or importers to get different certificates for two different pack sizes of less than 275 ml and greater than or equal to 275 ml. * Regarding consumer products subject to the child-resistant packaging, manufacturers or importers are required to use child-resistant packaging complying with applicable safety standards, and to report it to a safety certification body.</p>
