<a href="#">G/TBT/N/CHN/492</a>	China - Components of automatic fire alarm system This standard prescribes the compatibility and connectability requirements of automatic fire alarm system component. It is applicable to the assessment of compatibility and connectability of automatic fire alarm system component.	18/11/08	18/01/09
<a href="#">G/TBT/N/CHN/493</a>	China - Plugs and socket-outlets for household and similar purposes This standard specifies the particular requirements for adaptors of plugs and socket-outlets for household and similar purposes. The standard is adapted from IEC 60884-2-5(Edition 1): 1995 Plugs and socket-outlets for household and similar purposes Part 2: Particular requirements for adaptors. The main difference between this standard and IEC 60884-2-5:1995 is that Clause 9 is modified according to China's plug and socket-outlet system.	18/11/08	18/01/09
<a href="#">G/TBT/N/CHN/494</a>	China - Hard insulating tools for live working This standard specifies the classifications, technical requirements, test methods, inspection rules, sign and packaging of the tubes and rod type insulation materials for live working. This standard applies to the insulating hollow tubes, foam-filled tubes and solid rods (section tube and expansion tube are not included) used in manufacturing live working tools for the electrical systems with rated voltage 1kV and above. These kinds of insulation materials are made from synthetic material.	18/11/08	18/01/09
<a href="#">G/TBT/N/CHN/495</a>	China - Cigarettes According to "Framework Convention on Tobacco Control" published by WHO, this regulation prescribes the requirements of carton and pack packaging and labelling of cigarettes produced and sold within the territory of the P.R. China.	19/11/08	18/01/09
<a href="#">G/TBT/N/CHN/496</a>	China - Cigarettes It is decided that all cigarettes produced after 1 January 2009, with the tar content in the mainstream of smoke labelled on packages of cigarettes more than 13mg/piece, are not allowed to be sold on domestic market. This decision is applied to imported cigarettes equally.	19/11/08	18/01/09
<a href="#">G/TBT/N/CHN/497</a>	China - Stationary pressure vessels This technical regulation lays down the compulsory essential safety requirements for design, manufacture, installation, maintenance and repair, alternation, inspection, in-service, etc. of pressure vessels. It applies to the stationary pressure vessels covered by Regulations on Safety Supervision of Special Equipment., and manufactured and put into service within the territory of the P.R China. This technical regulation is the revision of the Supervision Regulation for Safety of Pressure Vessels (1999 Edition) which is effective now.	21/11/08	18/01/09

G/TBT/N/IDN/21	Indonesia - Primary Battery This draft Decree states that all primary battery products produced within the country and imported, distributed and marketed in the country shall fulfil SNI requirements. The producer and or importers therefore shall have a product certificate for the use of SNI Marking and Comply the requirements of SNI. The Product Certificate on SNI Marking shall be issued by a Product Certification Body which has been accredited by National Accreditation Body of Indonesia namely Komite Akreditasi Nasional (KAN) through: a. Testing of the conformity of quality of primary battery against SNI requirements; b. Audit on the application of QMS SNI 19-9001-2001/ISO 9001-2000 or its revision or other recognized quality management system. The testing can be subcontracted to testing laboratories within Indonesia which have been accredited by KAN or accredited by accreditation body which has signed Mutual Recognition Arrangement (MRA) with KAN. Directorate General of Transportation Equipment and Telematics Industries, Ministry of Industry is the institution that is responsible for the implementation of this decree and shall provide a technical guidance of the decree, which covers Procedure of Product Certification and SNI Marking. Primary battery products which are distributed in domestic market that originated domestically and imported shall meet the requirements of Primary battery part 1, general SNI 04-2051.1-2004; Primary battery part 2, electrical and physical Requirement SNI 04-2051.2-2004. These standards specify the scopes, terms and definition, types, quality requirements, sampling, testing methods, testing acceptance, marking requirements and packaging.	14/11/08	14/02/09
