G/TBT/N/ALB/24	Albania - Medical equipments This Draft Law of Council of Ministers is compiled in pursuant to Law No 9590, dated 27 July 2006 "On ratification of Stabilization and Association Agreement between Republic of Albania and European Community", Article 16 related to free movement of goods. This Law foresees requirements for medical equipments, placing on the market and putting on the service of them. The implementation of this Law enables that the national conditions of insurance and health protection of patients, users of medical equipments to be in harmonization guaranteeing free movement of them in the market.	10/12/07
G/TBT/N/ALB/25	Republic of Albania - Iodized salt This Draft Law of Council of Ministers designates to stop the processing, importing, marketing and placing in the market of salt, that does not contain enough iodine, intended for human and animal consumption and for use in the foodstuff industry. This Law creates the necessary legal framework on the universal iodizing of salt intended for human and animal consumption and for use in foodstuff industry. Iodine deficiency causes mental and physical backwardness, but it can prevent by taking from humans a necessary amount of iodine. Taking it from the salt is one of the effective ways for elimination of iodine deficiency disease. The iodine deficiency also causes the lowering of intellectual coefficient up to 13.5 point. This Law defines the quantity of iodine in the salt which had to be in the level 40 - 60 mg iodine per kg of salt and not lower than 20 mg iodine per kg of salt.	18/12/07
G/TBT/N/ARG/38/Add.7	Argentina - Autopartes y/o elementos de seguridad de los vehículos - Addendum	03/12/07
