NOR/17/Rev.1	20/12/11	07/02/12	Hazardous substances	Norway - Hazardous substances - Addendum Regulation 1 June 2004 No 922 relating to restrictions on the manufacture, import, export, sale and the use of chemicals and other products hazardous to health and the environment (Product Regulation) Norway proposes to prohibit the production, import, export or sale of consumer products that contain 4 specific hazardous substances (lead, PCP, PFOA, MCCP) when the content of the substance in the product's homogeneous component parts are greater or equal to the limiting values specified. There are proposed exceptions for use in certain products cf. the draft regulation, due mainly to existing regulation and lack of real alternatives. The prohibition is proposed as new articles in the Norwegian Product Regulations. The proposal to regulate lead, PCP, MCCP and PFOA in consumer products was included in a previous proposal to regulate a number of hazardous substances in consumer products, which Norway submitted for national consultation and notified to the WTO 8. June 2007. The proposal that is now being notified is a revision of the former proposal.
