KOR/503	01/06/2015	31/07/2015	Food products	Republic of Korea - Food products ( <a href="#">in Korean</a> ) The Enforcement Decree of the Special Act on Imported Food Safety Control This decree has been proposed: - To provide the scope of business by type and information to be registered when if a part of existing registered information is changed; - To provide the detailed information and procedures of administrative measures and required fees; - To provide detailed procedures for the revocation of business registration and operational pending, as well as exemption cases of closing down businesses without prior notification; - To establish the media and contents for public announcement of the fact of violation; and - To determine which of the authority of the Minister of Food and Drug Safety to be delegated or entrusted to the regional Food and Drug Commissioner and relevant specialized institution and organization.
KOR/504	01/06/2015	31/07/2015	Food products	Republic of Korea - Food products ( <a href="#">in Korean</a> ) The Enforcement Regulation of the Special Act on Imported Food Safety Control This regulation has been proposed: - To mandate foreign food manufacturers or food importers to register overseas food facilities, to the Ministry of Food and Drug Safety (MFDS), at least seven days prior to their first importation, including information such as names, addresses and food items, etc. The food products from foreign facilities which failed to be registered can be refused admission into South Korea. The registration should be renewed every two years; - To provide facilities to be eligible for registration, procedures and methods for registration and changes of registered information for good importers and foreign good food facilities; - For cases that are necessary to ensure the safety of imported foods, this regulation has been proposed to authorize the MFDS or a third certified party appointed by the MFDS to inspect foreign food facilities through arrangements and agreements with foreign governments or manufacturers. If a facility refuses to be subject to inspection, food import ban from the facility may be possible; - To authorize the MFDS to conduct import risk assessment on livestock products when requested by exporting countries for export permission. As a result of the assessment, the MFDS may notify import sanitary requirements by country or by livestock products; - To authorize the MFDS to control businesses in differentiated manner based on Custom inspection results, non-compliance history, and other food risk-related information and data; - To mandate food importers to declare by submitting necessary documents to the MFDS, and to authorize the MFDS to review the documents and conduct lab tests when necessary prior to clearance process at border; and - To support the safety of food etc. for export by issuing health certificate, etc. to certify sanitary status.
