ARE/152	5/7/2018	s/f	Productos alimenticios	<u>Emiratos Árabes Unidos - Productos alimenticios</u> Nuevo sistema inteligente de la Municipalidad de Dubai para la expedición de certificados sanitarios para la exportación de todo tipo de productos alimenticios La Municipalidad de Dubai está mejorando y facilitando el mecanismo de expedición de certificados sanitarios para la exportación de productos alimenticios; los propietarios de empresas del sector alimentario y los inversores podrán imprimir los certificados sanitarios para la exportación desde el sitio web de la Municipalidad de Dubai. Asimismo, los certificados sanitarios incluirán un código QR que permitirá comprobar la validez de dichos certificados. También se podrá comprobar la validez indicando el número de documento en el siguiente enlace: https://login.dm.gov.ae/wps/portal/home_ar . Se adjunta un documento en el que se indican las etapas para comprobar la validez de los certificados sanitarios para la exportación, así como un ejemplar de los certificados sanitarios actualizados de la Municipalidad de Dubai para la exportación de productos alimenticios.

Major changes are as below.</p> <p>1. "Products not subject to quarantine" in Paragraph 5 will be amended to "Products subject to confirmation by quarantine officers".</p> <p>2. If the products are confirmed as not designated quarantine goods by the actual inspection, submission of the documents needed for confirmation may not be required.</p>
KOR/608	25/7/2018	23/09/2018	Environment-friendly agricultural and fishery products, processed organic foods and materials for organic farming	<p>Republic of Korea - Environment-friendly agricultural and fishery products, processed organic foods and materials for organic farming</p> <p>Proposed Amendments to the Act on the Promotion of Environmentally-friendly Agriculture and Fisheries, and Management of and Support for Organic Foods.</p> <p>The proposed amendments mainly focus on the following:</p> <p>A. Certified business operators shall take training on environmentally-friendly agriculture in a mandatory manner (Articles 10 and 16(1), Asterisks 3 and 11 of the Draft) .</p> <p>(1) Those wishing to apply for or renew their certifications should take training related to the environmentally-friendly agriculture every two years in a mandatory manner.</p> <p>B. Labelling requirement for organic food, etc. and pesticide-free agricultural produce, etc. shall be improved (Article 18(2) and Asterisks 5, 6 and 12 of the Draft) .</p> <p>(1) To exclude "the name of the certified agency" from the labelling requirement for organic food, etc. and pesticide-free agricultural produce, etc. in order to minimize any inconvenience that certified business may face due to the change of the agency.</p> <p>C. Having in place additional ways to apply for designation of the notifying agency (Article 60(1) of the Draft) .</p> <p>(1) Inconvenience that stakeholders may face due to the cancellation of designation of notifying agencies shall be minimized,</p>

G/TBT/N/*	SDD	Fecha Límite	Producto	Miembro/Proyecto
				<p>by newly introducing proviso enabling flexible application for designation, in case of emergency where the designation of the agencies is cancelled, etc.</p> <p>D. More information shall be provided from the Environmentally-Friendly Certification Management Information System (Article 70(1) of the Draft) .</p> <p>(1) To extend the scope of information on certified business operators and/or certified business operators which received administrative dispositions, to be provided by the Environmentally-Friendly Certification Management Information System, in order to fulfil customers' right to know.</p> <p>E. Certification requirements including on sanitation and safety management shall be completed (Asterisks 3 and 11 of the Draft) .</p> <p>(1) To complete quality management regulations of the products, by devising regulations on sanitation measures for operators at the harvest and/or post-harvest; on safety management of tools and equipment; and on the prevention of environmental pollution around nearby farms, so that certified environmentally-friendly agricultural and livestock products that people can trust can be distributed.</p> <p>(2) To complete the regulation on prohibiting the use of materials with pesticide components in organic and pesticide-free livestock products.</p> <p>F. Period of keeping the records on the documents on manufacturing, processing, and people who handle the products (Asterisk 4 of the Draft) .</p> <p>(1) To extend the period of keeping the records on the documents on manufacturing and/or processing, and the ones related to the management of people who handle the products from the current three months to one year, to comply with the certificate validity period.</p> <p>G. Disciplinary measures for certified business operators that made violations shall be stricter (Asterisk 8 of the Draft) .</p> <p>(1) Individuals shall be classified into a certified operator and a certified product, in order to prevent the confusion in implementing disciplinary measures.</p> <p>(2) The criteria for punishment should be in place, in order to cancel the certification of a certified business operator if pesticide (including materials with pesticide components) is used in livestock farms or pesticide is detected in livestock products.</p> <p>(3) Regulations shall be in place to order corrective measures at the first time of violation where organosynthetic agricultural chemicals or drugs for animal use are detected in livestock products, organic processed food, etc. due to Force Majeure, under the Standards for Handling Agricultural Produce.</p> <p>H. Requirements for Certification Authority shall be improved (Asterisk 9-2 of the Draft) .</p> <p>(1) If a certification authority is approved only because it has past experience of reviewing certifications, the regulation of such certification shall be eliminated. A person with veterinary license shall be added to the list of qualified certification authority, in order to enhance expertise of livestock certification.</p> <p>I. Administrative dispositions of certified agencies shall be stricter (Asterisk 10 of the Draft) .</p> <p>(1) If a certified agency rated as "moderate" and above succeeds the position of another certified agency, the number of violations the predecessor already made shall not be succeeded.</p> <p>(2) Punishment criteria for detailed items of designation shall be in place so that disciplinary measures can be applied according to the severity of a violation, when standard or criteria have been violated.</p> <p>J. To expand inspection on harmful components in notified organic agricultural materials (Asterisks 13 and 14 of the Draft) .</p> <p>(1) To lay the foundation for the production of environmentally-friendly certified products that people can trust, by adding organosynthetic agricultural chemicals to the inspection list of harmful components in notified organic agricultural materials.</p>
KOR/609	27/7/2018	25/09/2018	Food products	<p>Republic of Korea - Food products</p> <p>Proposed Amendments to the Standards and Specifications for Foods.</p> <p>1. Establish standards and specifications of foods for infants/young children, revise the name of food type "Other Foods for Infants/Young Children" and integrate "Cereal formulas for Infants/Young Children" into "Weaning foods for infants/Young</p>

G/TBT/N/*	SDD	Fecha Límite	Producto	Miembro/Proyecto
				Children"; 2. Establish the concept and definition of "Senior-Friendly Foods"; 3. Clarify and simply the standards and specifications of foodborne pathogens; 4. Revise the standard of heavy metal (Arsenic) in Krill oil; 5. Revise the standards of total heavy metals in foods; 6. Add two newly identified substances in the list of illegal compounds and establish their test methods - Dithiopropylcarbodenafil, Chlorosipentramine; 7. Modify and clarify some ingredients in [Annex 1], [Annex 2] and [Annex 3]; 8. Modify General Test Methods according to the revisions in standards and specifications; 9. Modify to reflect the revisions in Standards and Specifications of Food Additives and correct the errors in test methods, etc.
KOR/610	27/7/2018	s/f	Food products	Republic of Korea - Food products Proposed Amendments to the Standards and Specifications for Foods. The proposed amendment seeks to: 1. Establish manufacturing/processing standards and specifications for hygiene indicator bacteria in "Senior-Friendly Foods". 2. Revise [Annex 1] "Ingredients Approved for Use in Food" and [Annex 2] "Ingredients Approved for Limited Use in Food" Lists: • Delete Japanese Hawthorn (<i>Crataegus cuneata</i> Siebold & Zucc.) and Hawthorn (<i>Crataegus monogyna</i> Thunb.) from [Annex 1]; • Move seeds of Sea buckthorn (<i>Hippophae rhamnoides</i> L.) from [Annex 1] to [Annex 2] and specify its use condition. 3. Revise the maximum residue limits for pesticides in agricultural products: • Eight pesticides including Dichlobenil.
