POSITIVE ASPECTS

- ☑ Technology & Quality Improvement
- ☑ Increasing of Product Awareness

NEGATIVE ASPECTS

- ☑ Restrictions on Corporate Activities
- ☑ Delays in Market Launch

Implementing Regulatory Reform

Types of Technical Regulation

Excessive Regulation

The standard is too high to comply!

Duplicate Regulation

In spite of the similar certifications, why do I have to get them each?

Different from Intl. Standards

It is a product that is being sold overseas, we have to manufacture it again.

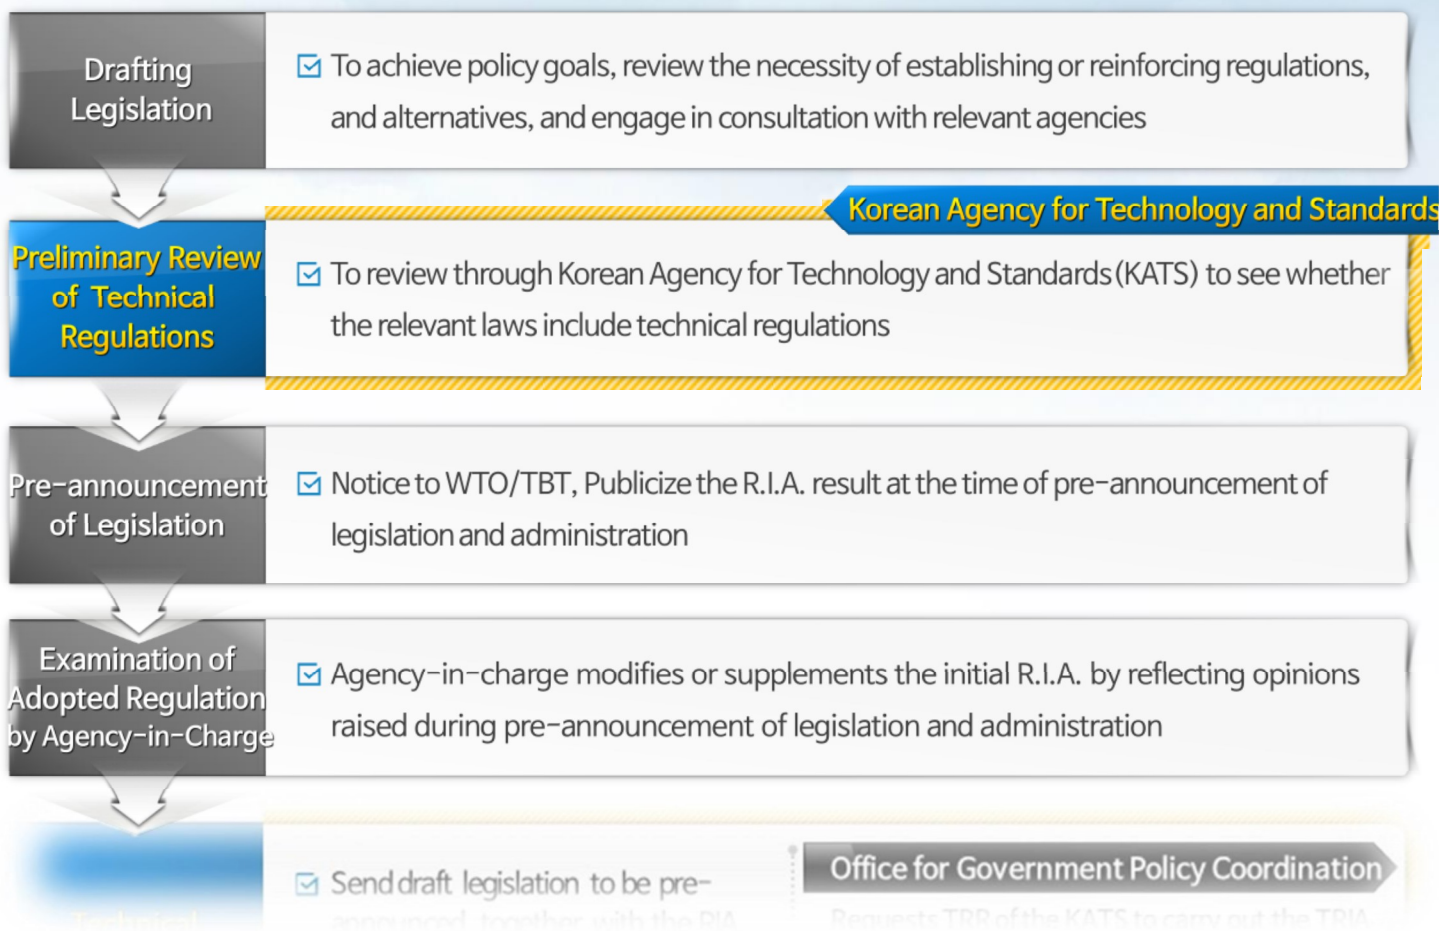

Outdated Regulations

It's still the same criteria as 10 years ago

Rationalization of Technical Regulations

Procedures to Rationalize of Technical Regulations

Ministry of Trade, Industry & Energy
Korean Agency for
Technology and Standards

Rationalization of Technical Regulations

Procedures to Rationalize of Technical Regulations

Examination of
Adopted Regulation
by Agency-in-Charge

- Agency-in-Charge modifies or supplements the initial RIA by reflecting opinions raised during pre-announcement of legislation and administration, or in the course of consultation with other relevant agencies
- ☑ To be reviewed by the Regulation Reform Committee of individual agencies

Technical Regulatory Impact Assessment

- ☑ Send draft legislation to be pre-announced with the R.I.A.

Office for Government Policy Coordination

Requests KATS to carry out the T.R.I.A. for the corresponding regulation

Korean Agency for Technology and Standards

Performs the T.R.I.A. based on the documented R.I.A. and sends its result to the OPC

Examination
by the Regulatory
Reform Committee

- ☑ Requests the RRC to examine the legislation

Regulatory Reform Committee

Reflects the results from impact assessments, including opinions

Examination
(Ministry of Government
Legislation)

- ☑ Enters into enactment/revision of legislation

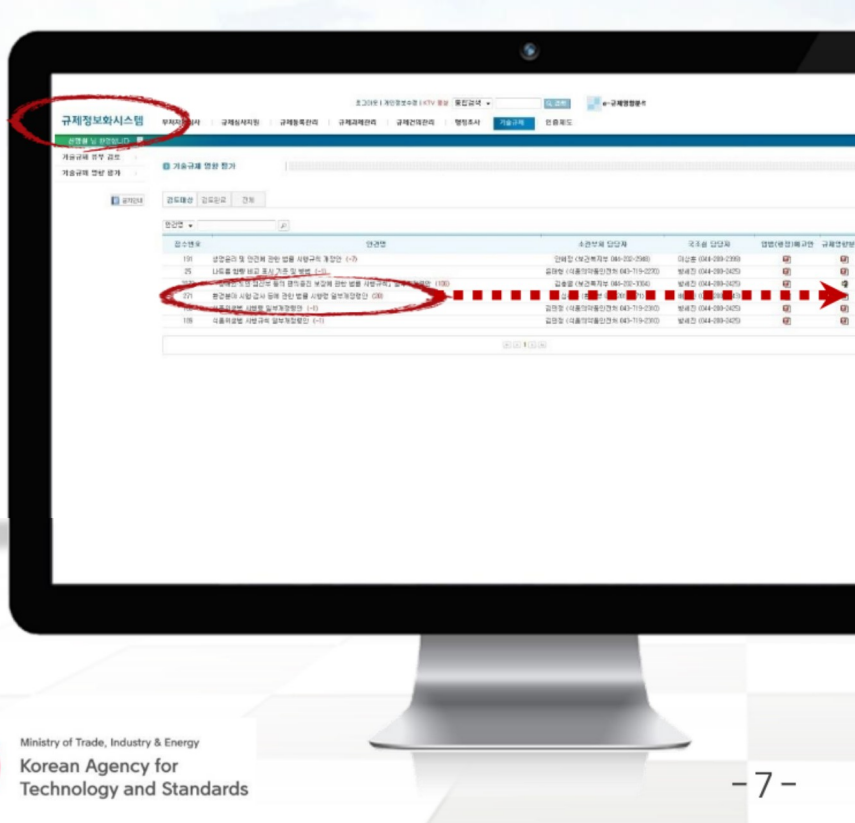

Ministry of Trade, Industry & Energy
Korean Agency for
Technology and Standards

Rationalization of Technical Regulations

Regulatory Information System

Request and respond to 'Technical Regulatory Impact Assessment, Preliminary Review' through the R.I.S.

→ Endeavor to improve work efficiency (minimize unnecessary time)
