COMMISSION DECISION

of [...]

**concerning the non-inclusion of ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing these active substances
(Text with EEA relevance)**

COMMISSION DECISION

of [...]

**concerning the non-inclusion of ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing these active substances
(Text with EEA relevance)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market¹, as last amended by Commission Directive 2004/20/EC², and in particular the fourth subparagraph of Article 8(2) thereof,

Whereas:

- (1) Article 8(2) of Directive 91/414/EEC provides that a Member State may, during a period of 12 years following the notification of that Directive, authorise the placing on the market of plant protection products containing active substances not listed in Annex I of that Directive that are already on the market two years after the date of notification, while those substances are gradually being examined within the framework of a programme of work.
- (2) Commission Regulations (EC) No 451/2000³ and (EC) No 1490/2002⁴ lay down the detailed rules for the implementation of the second and third stages of the programme of work referred to in Article 8(2) of Directive 91/414/EEC. For active substances for which a notifier fails to fulfil its obligations under these Regulations no completeness check or evaluation of the dossier shall be performed. For ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline no complete dossier has been submitted within the prescribed time limit. Therefore it has not been demonstrated that, under the proposed conditions of use, plant protection products containing these active substances satisfy in general the requirements laid down in Article 5(1)(a) and (b) of Directive 91/414/EEC. As a consequence, these active substances should not be included in Annex I to Directive 91/414/EEC and Member States should withdraw all authorisations for plant protection products containing these substances.

¹ OJ L 230, 19.8.1991, p. 1.

² OJ L 70, 9.3.2004, p. 32.

³ OJ L 55, 29.2.2000, p. 25

⁴ OJ L 224, 21.8.2002, p. 23

- (3) For the active substances for which there is only a short period of advance notice for the withdrawal of plant protection products containing such substances, it is reasonable to provide for a period of grace for disposal, storage, placing on the market and use of existing stocks for a period no longer than twelve months to allow existing stocks to be used in no more than one further growing. In cases where a longer advance notice period is provided, such period can be shortened to expire at the end of the growing season.
- (4) For sodium tetrathiocarbonate and 8-hydroxyquinoline information has been presented and evaluated by the Commission together with Member States experts which has shown a need for further use of the substances concerned. It is therefore justified in the present circumstances to prescribe under strict conditions aimed at minimising risk a longer period for the withdrawal of existing authorisations for the limited uses considered as essential for which no efficient alternatives appear currently to be available.
- (5) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

Article 1

Ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline shall not be included in Annex I to Directive 91/414/EEC.

Article 2

Member States shall ensure that:

- (a) Authorisations for plant protection products containing ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline are withdrawn by ...*;
- (b) From ... ** no authorisations for plant protection products containing ammonium sulphamate, hexaconazole, sodium tetrathiocarbonate and 8-hydroxyquinoline are granted or renewed under the derogation provided for in Article 8(2) of Directive 91/414/EEC

Article 3

1. By derogation from Article 2, a Member State listed in column B of the Annex may maintain authorisations for plant protection products containing substances listed in column A for uses listed in column C of that Annex until 31 May 2010 at the latest. A Member State

* 6 months from the date of adoption of this Decision

** Date of publication of this Decision

*** 18 months from the date of adoption of this Decision

making use of the derogation provided for in the first subparagraph shall ensure that the following conditions are complied with:

- (a) the continued use is only accepted so far as it has no harmful effects on human or animal health and no unacceptable influence on the environment;
- (b) such plant protection products remaining on the market after ...* are relabelled in order to match the restricted use conditions;
- (c) all appropriate risk mitigation measures are imposed to reduce any possible risks;
- (d) alternatives for such uses are being seriously sought.

2. The Member State concerned shall inform the Commission about the measures taken in application of paragraph 1, and in particular about the actions taken pursuant to points (a) to (d), by 31 December of each year.

Article 4

Any period of grace granted by Member States in accordance with Article 4(6) of Directive 91/414/EEC, shall be as short as possible.

Where authorisations shall be withdrawn in accordance with Article 2 by ...* at the latest, the period shall expire on ... *** at the latest.

Where authorisations shall be withdrawn in accordance with Article 3(1) by 31 May 2010 at the latest, the period shall expire on 30 November 2010 at the latest.

Article 5

This Decision is addressed to the Member States.
