#### DECIDES

Decrees : A MINISTRY OF INDUSTRY REGULATION REGARDING THE IMPOSITION OF A COMPULSORY INDONESIAN NATIONAL STANDARD (INS) FOR HOT-ROLLED STEEL SHEETS, PLATES AND COILS

## Article 1

In this Ministerial Regulation what is meant by:

1. INS MC is the Indonesian National Standard Marking Certificate.
2. NAC is the National Accreditation Committee.
3. IPC is the Institution for Product Certification.
4. The standards control officer for goods and services at a factory hereinafter called the PPSP is the civil servant in the centre or a region designated by an industrial management certificate to carry out the control of goods and services in factories where an INS has been compulsorily imposed.
5. The Director General of Industry Development is the Director General of the Metal, Machinery, Textile and Multifarious Industries of the Ministry of Industry
6. The Head of the ARDI is the Head of the Agency for Research and Development Industry of the Ministry of Industry.
7. The Head of the Provincial Service is the Head of the Provincial Service who carries out the task of managing administration in the field of industry.
8. The Head of the Regency/City Service is the Head of the Regency/City which carries out the task of managing administration in the field of industry.

## Article 2

(1) Imposes a compulsory Indonesian National Standard (INS) and or its revision for

Type of Product	INS No.	Tariff No. / Harmonized System (HS)
Hot-rolled steel sheets, plates and coils	07-0601-2006	7208.25.10.00, 7208.25.90.00, 7208.26.00.00, 7208.27.00.00, 7208.36.00.00, 7208.37.00.00, 7208.38.00.00, 7208.39.00.00, 7208.51.00.00, 7208.52.00.00, 7208.53.00.00, 7208.54.00.00, 7208.90.00.00, 7211.13.10.00, 7211.13.90.00, 7211.14.10.00, 7211.14.90.00, 7211.19.10.00, 7211.19.90.00.

- (2) Hot-rolled steel sheets, plates and coils as referred to in paragraph (1) are sheet and rolled steel made from steel in the form of slabs which are produced through a hot rolled process stage above re-crystallisation temperature.

### Article 3

A company which produces hot-rolled steel sheets, plates and coils as referred to in Article 2 paragraph (1) is required to apply the INS by :

- a. having an INS MC for hot-rolled steel sheets, plates and coils in accordance with the provisions in force;  
and
- b. affixing the INS mark to each product with labelling which is easy to read and does not easily disappear.

### Article 4

Hot-rolled steel sheets, plates and coils traded domestically, which originate from domestic and or imported production are required to meet the provisions of the INS as referred to in Article 3.

### Article 5

- (1) The issue of an INS MC for hot-rolled steel sheets, plates and coils as referred to in Article 3 letter a, will be implemented by the IPS accredited by the NAS and or designated by the Minister of Industry by :
  - a. testing the quality suitability of hot-rolled steel sheets, plates and coils in accordance with the requirements of the INS; and
  - b. an audit of the application of the INS 19-9001-200/ISO 9001:2000 quality management system or its revision.
- (2) Testing as referred to in paragraph (1) letter a may be subcontracted to a test laboratory accredited by the NAC or designated by the Minister of Industry or subcontracted to a foreign test laboratory as long as it has a Mutual Recognition Agreement (MRA) between the NAC and the national accreditation agency concerned, together with the country involved with the Republic of Indonesia.
- (3) An audit of the quality management system as referred to in paragraph (1) letter b is based on a guarantee issued by the an Institution for Quality Certification accredited by the NAC or a foreign accreditation agency which has a mutual recognition agreement (MRA) with the NAC.

### Article 6

The IPC as referred to in Article 5 will report the execution of certification to the Director General of Industry Development with a copy to the Head of the IRDA.

#### Article 7

- (1) Imported hot-rolled steel sheets, plates and coils which enter the Indonesian customs area are required to meet the provisions of the INS which is evidenced by an INS-MC.
- (2) Imported hot-rolled steel sheets, plates and coils which have an INS-MC must be registered in accordance with the provisions of the law and regulations.

#### Article 8

Imported hot-rolled steel sheets, plates and coils which do not meet the conditions as referred to in Article 7 are prohibited from entering the Indonesian customs area and must be re-exported or destroyed.

#### Article 9

- (1) The management and control of the implementation of the application of the hot-rolled steel sheet, plates and coil INS will be conducted by the Director General of Industry Management and carried out by an SCO at least once a year.
- (2) In executing the control as referred to in paragraph (1) the Director General of Industry Management may coordinate with the Head of a Provincial Service and or the Head of a Regency/City Service.
- (3) The Head of the ARDI will carry out the management of the Institution for Evaluation of Suitability in the framework of the compulsory application of the INS to products.

#### Article 10

The Director General of Industry Management will establish technical guidelines for the implementation of this Ministerial Regulation.

#### Article 11

Sanctions will be imposed on any businessman who contravenes the provisions of this Ministerial Regulation in accordance with the provisions of the law and regulations.

#### Article 12

A businessman who had an INS-MC for hot-rolled steel sheets, plates and coils before this Ministerial Regulation, must have harmonised production and the INS-MC on the basis of the provisions in this Ministerial Regulation at the latest by the date this Ministerial Regulation comes into effect.

#### Article 13

This Ministerial Regulation will come into effect 4 (four) months after the date

it is decreed.

To ensure that all persons are informed this Ministerial Regulation will be promulgated in the Official Gazette of the Republic of Indonesia.
