Notice by the Ministry of Agriculture and Forestry No. 2004-72

We hereby announce the scope and criteria of harmful feed (notice by the Ministry of Agriculture and Forestry No. 2003-41, September 23, 2003) as follows, after revision pursuant to Article 13 of the Law on the Management of Feed.

December 10, 2004

The Minister of Agriculture and Forestry

Revisions in the Scope and Criteria of Harmful Feed (bill)

We hereby revise the scope and criteria of harmful feed as follows:

"Harmful materials/Residual agricultural chemicals" in Article 1 shall be defined as "harmful materials."

"Article 2" shall be newly established as follows:

The definitions of terms used in this notice in Article 2 (Definition) shall be as follows:

- 1. "Harmful feed" means feed mixed with materials that are harmful to the human body or animals by exceeding or mingling the allowable criteria of residue in the feed pursuant to Articles 2, 3, 4 and 5.
- 2. "Harmful materials" means materials prescribed in Article 3 or Article 5.

We shall revise Article 2 ("Allowable Criteria of Harmful Materials") to Article 3 ("Management of Harmful Materials"), and change "the scope and allowable criteria of harmful materials or residual agricultural chemicals" in the latter part of the same article to "the scope and allowable criteria of harmful materials in feed"; and add "separate Table 1" to separate papers.

We shall revise Article 3 ("Allowable Criteria of Residual Medicines for Animals in Feed") to Article 4 ("Management of Medicines for Animals"); change "the scope and allowable criteria of residual medicines for animals in feed" in the latter part of the same article to "the type and allowable criteria of medicines for animals that are mixable with feed"; and add "separate Table 2" to separate papers.

"Article 4" shall be revised to "Article 5"; "No. 4, Clause 1, Article 13 of the Act" shall be changed to "Nos. 3 and 4, Clause 1, Article 13 of the Act"; and No. 7 shall be newly established as follows:

7) Dead bodies of livestock (however, it shall be excluded if they are disposed of pursuant to the provisions of Clause 2, Article 22 of the Act for Prevention of Livestock Epidemics and Article 8 of the Enforcement Rule for the same act.)

Supplementary Provisions

① (Enforcement date) This notice shall become effective as of the date of promulgation and thereafter.

② (Interim measures) The revisions in separate tables 1 and 2, pursuant to Articles 3 and 4, shall be effective as of May 1, 2005 and thereafter.

<Separate table 1>

The scope and allowable criteria of harmful materials in feed

1. Heavy metals and fungi toxins subject to management

Name of Harmful	Type of Feed Subject to Application		Allowable Criteria
Material			
Arsenic	Formula feed	Premix feed	
		Other formula feed	
	Feed ingredient	Mineral (saline	
		substance excluded)	
Fluorine	Formula feed	For beef	
		For dairy cows	
		For pork	
		For chicken	
		Premix feed	
	Feed ingredient	Large amount of	
		minerals and small	
		amount of minerals	
		Phosphate salts and	Below 1/100th of
		calcium salts	phosphate content

Chrome	Formula feed	Whole fo	ormula feed	
		(premix fee	ed excluded)	
	Feed ingredient	Animal	Fish	
		proteins	powder	
			and fish	
			juice	
			absorption	
			feed	
			Cow	
			plums,	
			powdered	
			meat,	
			powdered	
			meat bone,	
			and animal	
			protein	
			mixture	
			Byproducts	
			of leather	
			processing	
Lead	Formula feed	Premix fee	d	
		Other form	ula feed	
	Feed ingredient	Animal pro	teins	
		Alfalfa, hay	/	
		Grains,	vegetable	
		proteins,	feed from	
		remaining	food	
		Animal	inorganic	
		substance,	minerals	
		(saline	substance	
		excluded)		
Mercury	Formula feed	Premix fee	d	
		Other form	ula feed	
	Feed ingredient	Animal	proteins,	
		inorganic	substance,	
		minerals	(saline	
		substance	shall be	

excluded), grains, vegetable proteins, feed from remaining food Alfalfa, hay Cadmium Formula feed Premix formula Other formula feed (feed for animals and fish excluded), feed in remaining food Feed ingredient Grains, vegetable proteins, fishery powder (feed for premix raw materials excluded) Minerals (saline substance excluded) Aflatoxin Formula feed Formula feed For calves, chicks, suckling pigs and recently weaned pigs, chicken for meat, and cattle except for cows Other formula feed Other formula feed (premix feed excluded) Feed ingredient Vegetable proteins, grains, byproducts of grains, and feed in remaining food

2. Residual agricultural chemicals

Division	Type of Feed Subject	Allowable Criteria
	to Management	
Agricultural chemicals	Formula feed, fibrous	
	feed	

<Separate table 2>

The type and allowable criteria of medicines for animals that are mixable with feed

Type of Medicine for Animals	Feed Subject to Application and Allowable	
	Criteria	
Chlortetracycline, oxytetracycline 4-level	* With regard to feed for milking, egg-laying,	
ammonium, bacitracin zinc, enramycin,	largely consumed meat, non-pork, and	
tyrosine, sulphuric colistin, sulphuric	chicken meat among formula feed, those	
neomycin, salinomycin, monensin sodium,	medicines should not be detected.	
lasalocid sodium, Virginia mycin, hydrochloric	* However, as for formula feed for egg-laying,	
acid lincomycin, bacitracin methylene	the application of bacitracin zinc, Virginia	
disalicylate, bambermycin, tiamulin penicillin,	mycin, bactracin methylene disalicilate, and/or	
naracin, maduramycin ammonium, aflamycin,	bamber mycin should be excluded.	
avilamycin, samduramycin, clopidol,		
sulfathiazole, fenbendazole, diclazuril
