

## General Description of the Amendment to the Mandatory Requirement for Water Efficiency Labeling Product of Water Equipment, Sanitary Ware of Other Equipment.

Refer to Article 95-1 of the Act of Water Supply amended in May 4, 2016 to promote to people save water easily. When juristic persons, groups and individuals sell the water equipment, sanitary ware or other equipment designated by the central authority-in-charge for domestic, a Water Efficiency Label shall be labeled on such equipment or ware. Refer to the provisions of Paragraph 3 of Article 95-1 of the Water Supply Act: “The type, scope, and effective date of the water equipment, sanitary ware or other equipment labeled with a Water Efficiency Label pursuant to Paragraph 1 hereof shall be announced by the central authority-in-charge. To promote the use of water-saving equipment, “the water equipment, sanitary ware or other equipment a Water Efficiency Label shall be labeled on such products” was announced by the central authority-in-charge in September 21, 2017. This Article was revision in October 15, 2020. Currently, the products with water efficiency labels including washing machine, single flushing water closet, dual flushing water closet and flush urinals. Due to the **induction faucet** mostly used in public places, the Amendment to the Regulations intends to include induction faucet as one of the products which should have water efficiency label for expending benefits of water saving.

The comparison table of the Amendment to the Mandatory Requirement for Water Efficiency Labeling Products of water equipment, sanitary ware or other equipment.
